Attendance Matters

## Attendance update:

We all know Winter is hard in terms of fending off those nasty bugs and at this time of year we will all feel a little under the weather at some point. After Covid times, it's often difficult to know what's best to do if your child is not feeling well.

Below are some links with helpful advice about what to do if your child is unwell and when to keep them off school.

<https://ukhsa.blog.gov.uk/2024/01/03/a-parents-guide-to-keeping-kids-healthy-this-school-year/>

Please trust that if your child has a cough or cold, with no temperature, you can send them in and we will always monitor them closely in school and contact you if they need to come home.

From next week we will be sharing our attendance figures for the whole school and per class in the Prospect Vale Gazette. For the class with the highest attendance figure each week, **every child in that class** will be able to add extra tokens to their house point jars, winning points for their house teams for the week.

## **RAIL SAFETY STATION**

Please see below links to videos that you can share with your children about safety on and near the railway. The KS1 video focuses around a text where children can choose what the 'safe' thing to do is at the end of each page. The KS2 video centres around the tragic death of a Year 7 Pupil in 2017.

Please do have a look at them and if you feel they would be beneficial, share them with your children.

### **Polite reminder following Mrs Gaulton's letter earlier this week:**

Please help us keep our children and community safe by parking carefully and considerately around school. This includes not parking on double yellow lines or across our neighbours' driveways.

**Many thanks from us all at PVPS.**

We are currently streamlining our reading book system to fit in with 'Book Bands'. Please bear with us in this transitional period as there may be some slight disruption to the usual book changing routines.

If your child receives a book they have previously read, please do note it in their record/diary and it will be changed as soon as possible. Once the system is up and running, we will share further information with parents and carers about how the revised system works.

Many thanks for your patience!

Please Bear
